IN 37th YEAR — EVERY WEEK SINCE 1905

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, FEBRUARY 6, 1942

NUMBER 14

Hamlin Stock Show To Be Sat., Feb. 14

The Hamlin FFA will present their fat calves in a local stock show in Hamlin on Saturday, Feb. 14th. Plans are now complete.

A whole, there will be much better exhibits of fat animals this year than in the past. There will be fifteen calves in the exhibit and they are fat, with few exceptions.

In the show there will be also seven lambs, thirty head of fat hogs and breeding hogs. All of these animals are owned and will be shown by the Hamlin Future Farmers of America.

Judging will start at 10:00 A. M. Boys will act as departmental superintendents.

One week later, Feb. 21, most of the Hamlin show animals will also be shown in the Jones County exhibit in Stamford.

Mrs. A. P. Johnson Died Wed., Jan. 28

Mrs. A. P. Johnson, a pioneer woman of this community, passed away at the hospital in Abilene, Wednesday, January 28, at the age of 69 years, 6 months and 15 days. She was born July 13, 1872, in Ellijay, Georgia.

Mrs. Johnson's maiden name was Mary Douthard. She was married to the late A. P. Johnson, in 1896 and to this union there were six children, all of whom are living except one that died at the age of eight years. The surviving children are Mrs. A. B. Maynard, Mrs. A. O. Tindal, Mrs. Roy Smith, Miss Stella Johnson, all of Hamlin, and S. T. Johnson of Fort Worth. There were 12 grand children, two boys and 10 girls. One brother survives, L. S. Spivey of San Angelo.

Mrs. Johnson had enjoyed fine health most of her life, and the last illness began only about two weeks before her death. She had been a member of the Neinda Baptist church for about 40 years, truly a pioneer of this country.

Funeral services were conducted at the Neinda Baptist church, on Thursday, January 29, by the Rev. J. W. Cundieff and the pastor, the Rev. M. C. Miller. All the children and the brother were present for the funeral, and a host of long time neighbors and friends.

Interment was in the Neinda Cemetery by the Barrow Funeral directors.

Miss Mary Elizabeth Tindal who is attending a business college in Fort Worth, was here last week to attend the funeral of her grandmother, Mrs. A. P. Johnson.

Mrs. M. Y. Wilson visited her son, Jack Wilson and family in Hollis, Okla., from Friday until Sunday.

Fire Explosion Lecture Was Highly Instructive

So often people overlook some thing in their community that is extremely valuable and entertaining, and after such an affair is over and folks who were there begin to talk about it, one can hear others make expressions of regret that they missed it.

This was true as regards the Shell Pipeline Safety Chapter party that was held at the High school auditorium on Thursday night of last week.

The lecturer was a Mr. Brown, formerly in the Government Bureau of Mines, but now with the Safety Division of the Shell Co. Mr. Brown had in his audience men and women not only from Hamlin but from other towns in this area. The crowd was large, considering a thunder storm came up about the time people should be on their way to the auditorium.

Mr. Brown had government-owned laboratory equipment for fire, explosions illustrations. He presented experiment after experiment, simple and complicated, to show exactly what a fire is, what an explosion is and how. Actual examples were there before every eye. Over and over he stressed the fact that gasoline is not safe for cleaning clothes or anything else in a home or office, or building or anywhere. He proved it over and over. So-called smart persons do use it and they are the ones who get publicity and cause work for grave diggers. Go on and use gasoline, smart; you may get by a few times, but it's coming to you. DON'T clean with gasoline, or start your fires with it. Well, you should have been there.

SAFETY CHAPTER SAYS

For the Herald to express their thanks and appreciation to the School Board and teachers for the use of the auditorium; for the help and music rendered by the bandmaster and his boys and girls. And the Chapter members were glad to have so many out to witness a "safety lecture."

R. B. Wiar, voices all this,

BEG PARDON —

Last week somebody made a mistake in some manner, resulting in the city list of subscribers not getting their Herald. We are sorry. Some how, mistakes will happen. No, not all papers had "expired," however some had. Because of this "slip" no delinquent subscribers will be taken out till after February 13th. Watch the date on your paper after your name.

Mr. and Mrs. V. T. Stringer and little Terry left Tuesday for Sweetwater to make their home. Mr. Stringer was bookkeeper for the Hamlin Compress and takes a similar position in Sweetwater.

A Hamlin U. S. Marine Writes Typical American

All America Should Read This

On or about January 4, 1942, a letter was mailed from Norfolk, Va., to Mr. and Mrs. R. S. Dean, Rt. 1, Hamlin, Texas. It was signed by their son, George R. Dean, a boy reared in Hamlin, who was at home last fall, counting the days when his term of enlistment would be over so he could get out of the service.

The letter was handed to the Herald but in the rush of the "New war," it was overlooked. The young Marine is a special friend of the Herald family, and we make apologies for our apparent lack of concern. In this letter you will note that something is said of a wedding. Well, George was married Christmas Day to Miss Mary Smallzel, right in the middle of rumors that the Marines were to get active combat service. All this was news and now it is history, but still it makes good reading.

Read George Dean's letter. It is the true American spirit.

Most mothers and fathers with sons in the service will likely shed tears, and maybe others should. Read it.

Some who read this marine's letter will almost die of shame, or go blind from lack of vision. Read it, and thank God your country is made up of the stuff heroes are made of.

After reading this fine young man's letter, every true American will want to shoot every striker and slacker in this country, who are delaying constructing material for our young men to fight with.

George Dean, The Herald promises you everything in our power in this community you may want when you and your buddies have blotted out the devil sun of the Japs and all others who are seeking to rape and kill our nation.

THE LETTER:

Dear Folks:

Just got two letters from you all. Yes, Mary and I received the package. Thanks, the gifts were swell.

The wedding was nice. I nearly melted down, although it wasn't hot. There is some of the wedding cake in the mail. Guess it will be hard when it gets home, but wanted you all to have some.

Glad R. A. is doing good in school, and hope he keeps on doing O. K. I am sure he will. Looks like he will have to register.

Mother and Dad, I expect to be called for combat duty any day now. Don't know where I will go, nor when. I imagine I will get to come home before I go anywhere. Hope so. I want to get into action. I am sure it is what you all think I should do. I am not afraid nor are any of the other boys. Like you all said, there are thousands more like me. Mary and I don't talk about it. If I have to go there is nothing I can do about it. All I can say is that we are going to give them a licking they will never forget. If I don't come back I will have given my life for what I believe in and for the country I love. I will die knowing my life has not been given in vain. I love my country and the people in it. More than ever, now, that I have been around and have seen something of the greatness of our shores and have learned the meaning of freedom. I had rather be dead than to have to live in a captured country.

Mother and Dad, there is something you all can do for me and for your country. Much as it hurts, there will be a certain pride and good feeling about it. I know you all are not afraid and are proud of our country as much as I am. I know as well as I know my name, that you are not going around criticizing our government and its leaders. You are not saying "Where is our navy?" "Why don't we go over to the Philippines and relieve those boys?" Please believe me (and I know you do) our leaders know what they are doing. They make mistakes, sure. The navy made a mistake at Pearl Harbor and admitted it. You know what kind of

people will admit a mistake, especially to the people they are leaders

The boys at Wake Island haven't died in vain. They will be remembered and the Japs will pay heavily for their sin. They have already paid. Those gallant defenders of the tiny, isolated outpost made them pay, and dearly. Those boys knew they were doomed, that no help could get to them, but they would not surrender. There is no such word as surrender in the Marine Corps. There never was and never will be. So, if I happen to be caught like those boys were, I will fight as long as there is a man and a bullet left. I started out to tell you all what you could do; so can every other mother and father in America. You all are our backbone in these times. We don't mind giving our lives for our country and loved ones, but we want to know that you are backing us and would fight beside us if possible. I know you and Dad would, so would all of our kin folks, to the last man, woman and child. But what you all do and say doesn't only affect ourselves, but others. Those mothers who have boys in the Philippines, in Hawaii, and other places — tell them their sons are not afraid and as soon as they can, to write them. Not a crying, begging letter; but one of courage and bravery. For instance, one boy here got a letter from his parents, right away. She is from Serbia, but he is proud to be an American. He was thinking of his Mother and Dad when the letter came. His Dad said, "Go over and lick the hell out of those yellow *** !!! — ???", and his Mother said, as only a mother can say, "Son, it is horrible but I am proud of you and know you will do your best, no matter what you are required to do. If Father and I can help in any way we will. Love." The boy was prouder of his parents then than at any other time I think. He said he didn't mind dying now. We all read the letter and we all felt better and were proud of our parents too, because in untold words we knew they were telling us the same thing. Tell other mothers and dads to do their part whatever it may be. I know you all will and expect me to do the same thing. War is terrible and if I do go across I may not come back but if I don't I would like more than any thing else for my parents to know that I went to my death the way I wanted to die.

But I haven't been ordered for combat duty and may not be. I will do my part wherever I may be. I have high hopes of getting home again if I am transferred. Keep your chins up, and above all, keep Old Glory flying.

Love to all,

George

P. S.—Mother, take this letter to Mr. Pope and ask him for me to print it. Make all corrections necessary. I know he will, and maybe it will encourage mothers who have sons in the war zones and in the service. Tell them to be patient for they will get word as soon as it is possible for their sons to write to them. Don't be a coward. We are all in this thing now and we must fight and do our part just as our forefathers did before us to make this country free and safe for us to live in.

George

NOTE—This letter is from the heart of a real American boy. He has a new vision now. Regardless of a bride wife, and desire to see Mother and Dad, George Dean will stick it out with the Marines. But isn't it a shame for a boy who is willing to die for his country to beg the people back home to keep their chins up, to act brave and be ready for any sacrifice. —ED.

Dr. Robert H. Johnson of Dallas was up for the week end with his parents, Mr. and Mrs. W. F. Johnson. Dr. Johnson will soon be a First Lieutenant in the Surgical Division of the Baylor Unit. He will be assigned to Evacuation Hospital No. 56. He expects active service in about 60 days.

Mrs. J. C. Withers Struck By Auto

Last Friday morning about seven o'clock, Mrs. J. C. Withers, while crossing the street on the corner at the John T. Day Hardware, was struck by a car driven by a Mr. Tate, tailor for the Jess Young shop.

Information is that Mr. Tate was coming up from the south and was making the left turn, when he came into contact with Mrs. Withers. It was a foggy morning and early.

Mrs. Withers suffered her left arm broken, her right arm badly bruised and her nose crushed and cut, requiring nine stitches. She was taken to the Baptist hospital in Abilene and kept till Wednesday morning. She is at home and indications are that she will improve now rapidly.

Hamlin School Items

Randall Raley, our band director, has been ordered by his draft board to report at once, Friday, February 6, will be his last day to teach.

Webb D. Jenkins has been elected band director and he is expected to report Monday, Feb. 9. Mr. Jenkins formerly taught in Plainview Junior High and at Hale Center. His home is in Comanche, although he comes here from Brownwood.

The National Defense shop under the Hamlin schools supervision is now in operation. Auto mechanics and tractor care will be the first course offered. The school will run for ten weeks and classes will meet from seven to ten each evening. The course is open to boys and men seventeen years old and older. There is no charge for the course and the course and the classes will meet in the bus garage back of the high school building.

The lunch room in the Hamlin elementary school will begin operation as soon as surplus commodities may be received. School lunches will be served to children for ten cents each. Mrs. Ina Tims will be in charge and she is to be assisted by Mrs. Ellie L. Essary and Mrs. Maud Walker.

No definite conclusions as to how daylight saving time may affect the schools have been reached. The local board will meet Friday night in their regular monthly meeting at which time this will be discussed.

G. R. Bennett, Superintendent

Mrs. D. F. Griffin received an air mail letter Sunday from her son D. F. Griffin, Jr., who is somewhere on the Pacific. D. F. enlisted in the navy and was stationed at San Diego, Calif., until Dec. 7 when he left for an unknown destination. He writes his mother he is in the best of health, he likes the navy but with all the country he has seen, Texas looks best to him.

Mrs. J. M. Caldwell of Peacock, was here Thursday afternoon of last week visiting friends.

Community Party Gathered \$154.30

Well, the women put it over. The President's Birthday Party in the Red Cross building was a real success from every point of view.

Neighbors in town and country were there to the full capacity of the building and there was a game that suited everyone. It was an old-fashioned affair where friends and neighbors get to rub shoulders and talk and have a good time. We need more such parties.

The chief fun of the evening was the auctioning off of the many beautiful, delicious cakes. R. H. McCurdy is fine at that as well as eating cake. Just who cooked the cakes and how much this and that one brought was not made available to the Herald. However the highest cake was \$16.50 bought by Ted Russell, Stan Carmichael, W. L. Boyd & Company vs. Starr Inzer, Thad Harden, Tom Holman & Co. District Judge Owen Thomas and wife were present and the Judge got in on the cakes to the tune of \$5.00.

Mrs. Frank Waggoner had lots of fun as chairman with her cow-bell.

Wise Chapel Raises \$56.36 for Red Cross

In connection with the regular community night meeting last week in the Wise Chapel school building, a cake and pie sale was held, with G. R. Bennett, superintendent of the Hamlin schools, as auctioneer, which netted \$56.36 for the Red Cross.

Mrs. Johnnie Agnew, chairman of the Wise Chapel community, had been asked to raise \$40.00, for the Red Cross, and she, with her loyal workers, were more than pleased with the result. She says "Let us know when the second drive starts, as our folks can be counted on. We are all ready and more than willing to do our part."

County Red Cross To Meet Monday Night

The annual meeting of the Jones County Red Cross chapter will be held Monday night, Feb. 9th, at 7:30 at the City Council room at the City Hall in Stamford. The public is invited to attend and representatives from all towns and communities in the county are expected to be present. Byron Lewis of Stamford, county chairman, will preside.

Reports will be given of the membership drive, the War Relief fund drive, and the Production program. Election of officers will be held.

Possibly a representative from the Mid-western branch of the Red Cross at St. Louis, Mo., will be present.

Mrs. R. F. Mahood,
Publicity Chairman

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

Singapore

Our guess is that the Japs will never get Singapore. Our guess is that the Japs will not need urns to carry back to their Sun goddess the ashes of the dead soldiers—where the Japs die trying to take Singapore, fires don't burn.

Cut It Out—

This week some school in Arkansas sent word to the government that they were no longer accepting NYA help. To this some part of the personnel raised a big howl. You see, to cut out some of the many governmental hand-outs would cause lots of fellows to lose their jobs. They want it kept up. That is hurting the government all along.

Now here in Jones County, since last May, \$91,498.50 worth of Blue and Orange food stamps have been sold. "Sold?" Only half of this amount was sold; the rest was a clear gift. Somewhere, some time, a lot of that kind of stuff will have to stop.

Bundles For Congress

It is too bad that Congress has placed themselves in the role of monkeys, and are now resenting the fun that is made of them. Folks who stick out their necks generally get it in the neck.

"Bundles for Congress" and not for some war-beaten country is now the plan to ridicule congress for passing a law that enables themselves to get a pension. "Bundles" consist of glass eyes, false teeth, old clothes, tires, overalls without pockets, etc. Ridicule purely. Senator Byrd, age about 84, says, "If Congress wants to avoid additional

criticism, it had better repeal this measure immediately," and further he says, "In this time of national sacrifice, the Government—Congress is the Government—should not vote pensions for itself." Old boy, you are right.

It Seems That—

The German generals are passing in their resignations—by heart attack. Maybe they will die of fits when the Americans hit them.

That the Japs can't take it on the chin. Reports from China say General Korechika Anami was so grieved over his defeat that he stopped his heart by committing "harakiri", meaning, stick a sword on the ground and fall on it through the belly.

It is about time old De Valera the sour Irishman, was having heart trouble—he is belly aching about Americans landing on "loyal" soil—not under his narrow thumb. That chap is likely to say too much.

Editor Goes To Army Camp

It may not be "news" to tell about going to an army camp, but it does give us a chance to drop you some good reading.

Last Sunday Ye Editor and wife accompanied our neighbors, Mr. and Mrs. John C. Turner to Camp Bowie, to see their son, J. C. Turner, Jr., who is a member of the 111th Headquarters Quartermaster Regiment.

This was our first visit to a 1940 model military camp. So it is possible there are a great many others who have never been inside one of our camps, and to those this report will no doubt be news, or good reading.

Our visit proved extremely rich in gaining first hand information on our latest military efforts. It was instructive, interesting, and boosted our already high estimation of the ability of our nation and its army of young men, great in physique, great in spirit, great in heart and mind. We say "great men" for indeed to offer his very life to defend this great free nation is truly great in any American boy. And they are just boys, some away from home for the first time, some who never before had any responsibility

or tasks to perform. But they are making men and great men.

Don't think of an army camp as just tents and buildings. It is a place where tender, mere boys are built into systematic, hardened, determined iron muscled soldiers to do a good job for their nation or die in the effort.

We will assume that Camp Bowie is very much like all America's training camps. It gave us an eye-opener, a keen corner-glimpse of the immensity of what our nation has done and is doing. So after all it is news.

There are two kinds of persons who see army camps. Those whose own boys, brothers or loved ones are there. Those who just see only tents and long gray buildings, uniforms and guns, etc. It makes a lot of difference too. O yes, there are others who have tender sympathetic hearts, men and women who realize a war can not be won in interior comfortable camps far from the enemy who seeks death and destruction.

Look at that camp. See the great beautiful waving flag. Notice the step of the men of a few months' training. See the places of comfort, where the men sleep and eat. Taste of their bountiful food, prepared fit for any king. Look at the clothing, bedding and equipment. You will come to the conclusion, properly, that American soldiers are the best clothed, fed, best kept, best medicinally protected, and the best paid in all the world. They should be. When our men go out to meet the enemy and never come back, they have paid more than any of us who pay out all we have in money or goods, and live to see how the war comes out.

All army camps may not be as quiet as Camp Bowie, last Sunday. We arrived there about 10:45. It looks like a full grown city. Sprawling out over valley and hill, with system and park-like beauty. Notice how new, how clean, how spacious. Broad, hard paved streets lead in every direction. Broad foot walks for soldiers, on every side, with asphalt top, on which the tramp tramp of thousands of feet are but a whisper.

Sunday, in this land of Christian believers, is a day of rest. It is truly a rest day, except the "ox-in-the-ditch" jobs, like being on guard duty, cooking and tending tables. Camp Bowie did not have many soldiers visible Sunday, although a beautiful day. It is a Texas Division and with good roads, good cars and other transportation, the soldier boy gets to visit home and friends.

The Herald man and his party had the pleasure of seeing the inside of living tents which are floored, walled up three or four feet, with canvas tops. Gas heaters and electric lights, cots and plenty of wool blankets. We saw their bath houses, with hot and cold running water, automatic heaters, shaving nails and everything jam-up cozy. We visited their guest hall, with concrete floor, musical instrument, tables for writing, game tables, chairs and mail boxes. Just the thing needed. Nothing fancy, but plain and comfortable.

Talk of cleanliness! Army camps are kept clean. After visiting Camp Bowie, one will want to make some of those boys Mayors, City Councilmen, school board members and everything when they get back. They will put snap and zip into things after serving where such things count.

Yes, we visited their company mess hall. Don't get the idea it is a "mess." There is not a kitchen or dining room in Hamlin cleaner than what we saw Sunday. Who keeps it? Sure, just boys. Some of them are university graduates, young lawyers, teachers, and one man over there Sunday was a member of the Texas Legislature, apron and all, doing kitchen duty with a smile. The kitchen was a marvel. Did you know not a single man can work a minute in a modern army mess hall without a medical certificate, covering all manner of things? No sir. On a board, behind glass can be seen the certificates for each and every man. The men have everything in the world they need to cook with. They have their rations delivered each morning for three meals ahead. It is ordered from one great center, Washington, such that every meal is known far ahead. We talked to the Lt. Colonel of the Headquarters Regiment. He says no foods except the best on the markets are bought. Our peep in the supply pantry proved that by the brands, by the articles in view.

Sunday's 12:30 meal consisted of roast pork, brown gravy, rolls, fresh greens and bacon, candied sweet potatoes, English peas, vegetable salad, fruit salad, fruit punch, chocolate cake and ice cream. Plenty of

all.

Places for worship have been provided, numerous, all over the great spaces of the camp. Chapels, all denominations, all same size and equipment, said to cost about \$22,000 (don't see how). Several great tent theatres, governmental owned, and run, are for the men. In addition there is one great wooden structure theatre, and a great central camp recreational building, and a library, and an athletic building.

Every army unit has its own dispensary where doctors meet the men each morning who have any kind of need for medicines, whether it be a mere scratch or an ache. If he is not well enough for the day's duties, he is sent back to his tent, or to the general hospital. Don't worry about how the men are taken care of.

What have they got in Camp Bowie? They have everything needed to fight with except aeroplanes. They even have horses, tanks and great guns. The cavalry outfit is as interesting as any place, for that kind of motor has sense, and feeling and love. Horses must have their hospital like men; they were recruits, green and soft like men. They must drill and get accustomed to guns and orders like men.

After observing the many units of the camp, the greatness of it, and all about, the serene quietness, it leaves one almost in a daze. It is the first step in war. It is too good and safe to last. The school boy frankness and joviality of the trainees must some day end in determined fight when comrades and neighbors must part. It really is serious if you meditate.

To Private J. C. Turner, his tentmates, and soldier friends, and to Lt. Col. Carl Phinney, we say, fellows, you are great. We are for you. We thank you for a pleasant day.

More Men Wanted For Marine Corps

The United States Marine Corps announced Monday that they are now accepting for enlistment married men and men with dependents. Wives or other dependents must sign an affidavit that they will not require contributions beyond the applicant's ability as a private in the Marine Corps. The Recruiting Officer may act as notary public for the affidavit. "Married men and ex-Marines who are now married have been trying to join the Marines but couldn't under existing standards. This news will be welcomed by hundreds of men who wanted to join the Marines for the duration, Major J. D. O'Leary said. "They have all wanted action fast and so they came right to the Marine Corps. I am happy that we can now accept them for enlistment, and we will send them off for training as soon as their papers are signed. Our age limit is still 30 years and 35 for ex-Marines."

Figures just received for 1941 show that the Dallas Recruiting office of the Marine Corps led the entire Southern Division for the third time in the three years that Major O'Leary has been in charge. Dallas led the next closest office, New Orleans, by more than 180 men.

For full information write to or call in person at the U. S. Marine Corps Recruiting Station, Room 203, Post Office Building, Abilene, Texas.

Mr. and Mrs. O. G. Lee and children of Odessa have moved to Hamlin to live while the Rotan-Hamlin highway is under construction. Mr. Lee is an engineer on construction.

RATS IN BUSINESS!

Rats in business may sound silly, but nevertheless a \$200,000,000 business is conducted annually by rats. Rats conduct their business in a crafty manner, extracting the fabulous amount contributed each year by farmers, mills, elevators and many other business institutions in the form of wasted feed, destruction of property and in the carrying and spreading of disease. It has been said: "Rats carrying disease germs have actually caused more deaths than all WARS combined."

Mr. and Mrs. Tate May spent the week end in Waco visiting their son, James Tate, who is attending Baylor University. Mrs. May's mother, Mrs. Delia McIntosh, went as far as Coleman with them where she visited relatives.

Bryan Phenix and W. T. Malone left last week for California to work in an airplane factory.

Leonard Brantley of Terrell, a highway construction engineer, is in Hamlin to live during the new work soon to start.

Mrs. James Ferguson, correspondent for Boyd Chapel, includes a clipping showing that her nephew, Ensign Carroll L. Key, U. S. Naval Reserve of San Marcos, Texas, a Carroll Key volunteered last year, but was permitted to finish his work in the University of Texas before he was called. He was 21 this Jan.

CHURCH OF CHRIST

David said, "I was glad when they said unto me, 'Let us go to the house of the Lord.'" What is your attitude when you read this invitation, "Let us worship God Sunday?" Yes, you are invited to worship God with us Sunday. The sermon subject for Sunday morning will be "The Fool as Defined by the Bible."

Let us remember that we are not self-sufficient; that we are in need of God, and that:

"Not all earth's gold and silver
Can make a sinner whole;
What shall it profit thee, O man,
If thou shouldst lose thy soul?"
Minister, Luther G. Savage

BAPTIST CHURCH

Many Frenchmen fell in the first world war. And every one who so died was listed in a "Golden Book"—a book published in Paris. This book contains more than one million five hundred thousand names, and there are twenty volumes.

How large a book would it take to hold the names of all in our community who are really loyal to the church of our Lord? Would it be a large book? Would it be a small book? You answer!

Jim eats breakfast at the SUPPER table now!

IT'S a screwy schedule. Jim downs a man-sized dinner while Mom's doing the breakfast dishes, sleeps the day away, and gets breakfast at the family supper table! He's on the night shift at the power plant.

The night is bright with light when Jim goes to work. Turbines that have been humming 24 hours a day never pause as fresh men take over the all-out job of generating power for Democracy.

CONTINUOUS production makes

tremendous demands on men, machines, and on the electric service that powers practically every operation.

But the power is always there—day and night—Sundays and holidays—365 days a year.

The electric industry was ready when the crisis came—ready to serve every military need in addition to your home and business—ready to meet new needs with new construction. 1941 saw more than 2½ million extra horsepower installed—enough

to light one-fourth of all the homes in the U. S. A.!

America's electric companies have been able to accomplish this by good business management—by producing over 90 per cent of the nation's electric power and making it available almost anywhere, over carefully interconnected systems.

We're glad we can make this report—and glad to pledge our unending effort to supply millions of workmen with all the electric power they need to make America POWERFUL!

Careless habits contribute to destruction of materials and property as well as the possible loss of life by fire.

Fire prevention is an individual responsibility.

Practicing fire prevention is an act of patriotism.

The protection of life and property against fire is important at any time. It is vital in war time.

A vigilant campaign against fires will result in a stronger defense at home.

Optimisses Club Meets With Mrs. Barnes

Members of the Optimisses club were entertained in the home of Mrs. F. E. Barnes recently. Mrs. L. P. Maberry won high score in games of 42. After the game period, a business meeting was held.

Delicious refreshments were served to Mmes. Dub Burgess, Hal Razor, Tom Vaughan, H. K. Satterlee, W. H. Dean, G. P. Odom, J. C. Jenkins, Gerry Richardson, H. O. McCray, L. P. Maberry, O. G. Harvey and the hostess.

J. D. Stevens

Honored With Party

On Tuesday evening, January 27, J. D. Stevens who was leaving Wednesday morning for army service, was honored with a dinner in the home of Miss Emma Jewell Altum. Among the guests was Leonard Altum, who is stationed at Camp Barkeley. Following the dinner, games were played.

Intermediate League

Sunday, at 6:45 P. M. at the Methodist church the Intermediate League met. We had our business meeting and then a program. Afterward we planned a program for next Sunday. The subject is: "Keeping the Neighborhood Healthful." The parts are: Louis Pasteur, Diane Carlton; The Work of Nathan Strauss, Margaret McBride.

Poems, Thedford Copeland.
Scripture reading, Mart Farrow.
Brother Harrell presided.
Publicity Supt.

Eastern Star Officers Honored With Dinner

Mrs. Freida Sparks, Worthy Matron, and Mr. Ira Clements, Worthy Patron of the Hamlin chapter of the Order of the Eastern Star, entertained Tuesday evening in the home of Mrs. Sparks with a buffet dinner honoring the Deputy Grand Matron, Mrs. Della Mae Moore of Division 2—Section 7, of Abilene, and Mrs. Mamie Barnes, Grand Deputy, of New Brunswick.

The house was attractively decorated with snapdragons and sweet peas. A star of red, blue, white, green and yellow, with two yellow candles on each side centered the table from which the supper was served.

Those enjoying this pleasant evening with the honorees were Mmes. Margie Ebert, Lou Ferguson, Dora Abernathy, Ella Bryan, Nettie Hackley, Lyda Hudson, Susie Gilbert, Flora Bell Clements, Avis Hopper, Minnie Poe, Hattie Richardson, Reba Ferguson, Clara Harvey, Maud Chastain and Freida Sparks; Messrs. Walter Cash and Ira Clements.

Schubert Club Hears Sacred Music Program

The Schubert club met Wednesday afternoon. The meeting was opened by reading the club collect, led by Mrs. Butcher.

Mrs. Wiar was program director. An interesting program of Sacred Music was given as follows:

Invocation, Mrs. McCrary.
Vocal duet: "An Evening Prayer"
Chas. H. Gabriel, Mrs. Leslie Shelburne and Mrs. Campbell.
Meditation: "Father in Heaven, Who Lovest All", words, Rudyard Kipling; music, Henry Holmes; Mrs. Hefflin Miller (guest) accompanied by Miss Gilbert.

Vocal solo: "Prayer", David Guion, Mrs. McBride.

Music in the Scriptures: Mrs. Wiar.

Vocal solo: "When Children Pray," Fenner, Mrs. Leslie Shelburne.

Piano solo: "Jesus, Joy of Man's Desiring," Bach-Hess, Mrs. Henry Albritton.

Benediction: Mrs. Martin.

Texas' Biggest Cotton Counties In The West

It is interesting to note that the big cotton counties of Texas, the past season lie mostly in West Texas. The latest governmental report shows:

	1941	1940
Lubbock (tops) ...	76,830	47,397
Lynn	61,987	36,364
JONES	60,976	50,300
Nueces	57,916	54,138
Other Counties with 30,000 or more bales are:		
Knox	37,296	25,760
Lamb	41,686	55,450
McLennan	30,661	40,447
Martin	30,833	11,787
Mitchell	30,208	23,484
Navarro	31,616	47,147
Runnels	46,340	36,199
San Patricio	35,973	39,995
Scurry	39,761	21,868
Wilbarger	33,072	25,646
Williamson	34,188	47,785
Childress	31,455	13,273
Collin	40,981	68,513
Crosby	45,836	21,799
Dickens	32,329	12,097
Ellis	47,561	67,382
Fannin	32,473	59,979
Fisher	34,352	24,725
Hall	42,677	22,205
Haskell	47,286	35,017
Hill	34,440	46,917
Howard	44,839	18,556
Hockley	36,999	53,367
Hunt	34,192	63,362

How To Get More Milk And Butter

Adequate amounts of protein in the grain mixture are essential for cows fed a combination of cottonseed hulls and grass hays, sorghum fodder or silage. Practical mixtures for dairy cows in the South and Southwest, fed at the rate of 3 1-2 pounds for each gallon of milk produced, are:

No. 1—200 pounds of ear corn chops or grain sorghum head chops; 100 pounds of ground oats or wheat bran; 200 pounds of cottonseed meal; 10 pounds of ground limestone; and 5 pounds of salt.

No. 2—100 pounds of corn meal, ground barley or sorghum grain chops; 100 pounds of ground oats or wheat bran; 100 pounds of cottonseed meal; 6 pounds of ground limestone; and 3 pounds of salt.

No. 3—400 pounds of ear corn chops or grain sorghum head chops; 300 pounds of cottonseed meal; 14 pounds of ground limestone; and 7 pounds of salt.

Engineer and Mrs. G. J. Morris and son Tommy moved over Sunday to make their home in Hamlin while the Hamlin-Rotan highway is under construction. Mr. and Mrs. Morris have the Martin residence corner of Jackson Avenue and 4th street. Engineer Morris will represent the Highway Department on other highway work as well as highway No. 92.

The man who whispers down a well About the goods he has to sell, Will never make as many dollars As he who climbs a tree and hollers! —Citizen

Hot Lunches for Boys and Girls in Britain

American food sent to Britain is put to good use in the emergency feeding centers. Shown here are boys and girls who have

lost their homes through bombing. Their school teachers help serve them with piping hot stew. Thousands of people throughout

British towns and cities, in similar homeless condition, are being well fed at low cost at community feeding centers.

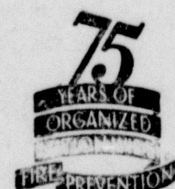

What does Standard Protection do for you?

"...I'm sorry, he's out again. There's been a fire down at the store. We don't know how much damage, but a customer got hurt... Is there anything I can do?... The renewal of your insurance? Why, he took care of that yesterday. Your new policies are ready, and he'll bring them around this afternoon... Not at all, Mr. Henry, thank you..."

Only office and family appreciate how constantly your insurance agent is on the job, taking personal care of the insurance needs of clients, providing the personal link between them and the sound protective facilities of capital stock fire insurance companies.

Let us protect your home, furnishings, business, automobile and other possessions with dependable, economical capital stock company insurance.

Defense Chairmen For Jones County Named

Chas. Green, manager of the Stamford Chamber of Commerce, has been notified by the Jones Co. Defense Council that he is named General County Chairman of the Volunteer Civilian Registration.

B. T. Beaver, County Superintendent, who tendered his services to the Council, has been named sub-chairman under Mr. Green to direct the registrations over the county by common school districts.

The County Defense Council on Tuesday named W. A. Haynes of Anson, Jones County Section Foreman of the State Highway Department as County Public Works Service Chief.

Under his supervision will be three important phases of the Defense organization which will include road repair crews, demolition and clearance crews and decontamination squads.

Mr. Haynes is a certified Red Cross First Aid Instructor and had tendered his services, as well as the services of his department to the County Defense Council.

POT SHOTS FROM M'CAULLEY

BY GEO. DARDEN

Mrs. George Darden was hostess in her home last Friday afternoon at a gift tea honoring Mrs. Robert Lewis Jr. Mrs. Lewis was before her marriage on Jan. 20, Fern Maberry of McCaulley. Thirty-eight guests registered in the Bride's book, with Bess Darden in charge of the registering. Mrs. Melvin Henderson was at the punch bowl, assisted by Mrs. Joe Miers. Red, white and blue favors were used. Mrs. Lewis is the daughter of Mr. and Mrs. L. R. Maberry, life time residents of this community. Mr. Lewis is a Master Sgt. of Camp Barkeley.

Mrs. Sherman Houghton is very ill in an Abilene hospital, taking suddenly for the worse Saturday night at her home in McCaulley. Mrs. Houghton was rushed to Abilene for hospitalization.

Mr. and Mrs. Bill Wicker are the proud parents of a baby daughter born last Friday night in the Rotan hospital. Both mother and baby are doing fine.

Mr. and Mrs. L. R. Maberry spent the week end in Abilene with their daughter and husband, Mr. and Mrs. Robert Lewis Jr.

The oil well on the D. M. Maberry farm has reached top pay and is coring at this writing.

We see in the Herald the announcement of S. C. (Bud) Ferguson for commissioner in Jones county. Though we do not live in that county, we wish we had a chance to vote for Mr. Ferguson, as he is tops in our book.

Mrs. Fred Maberry is spending the winter in Corpus Christi for her health. Mrs. Maberry has been in bad health for some time and we learn that she is improving in Corpus. Mrs. Leroy Rossen is staying with Mrs. Maberry.

Mr. and Mrs. C. P. Yates are in Dallas at the bedside of Mother Yates, who is ill with pneumonia.

Voters in this neck of the woods are urging Lewis Boyd to make the race for Sheriff, and we see no reason why McCaulley should not have a good man like Mr. Boyd out for Sheriff.

Mr. and Mrs. Aubrey Stephenson and daughter of Abilene visited his mother, Mrs. Etta Stephenson last Sunday.

The birthday of the President was observed at the school house with a program sponsored by the Woman's Home Demonstration club. Something over thirty-five dollars was contributed to the infantile paralysis fund. Stunts and games were played, and the principal speaker was County Supt. Dalton of Roby.

We learn from reliable sources that McCaulley is the only town in the county that does not have a citizen on the relief rolls. Though we are glad that our government has provided ways and means for less fortunate citizens, yet we are glad that our community is managing to stay off relief.

Just a few more days, and a lot of us are going to register for military service. This war may not last long enough for all of us to see the white of the eyes of the enemy, but on the other hand, it is possible, and if the occasion arises, we are all in the same boat and ready to serve.

Louis Rector tells us that a two months old calf was stolen from his brother, Rush Rector at Royston last week.

Buddy Boyd, student at John Tarleton will enter A. & M. in June, and his sister, Velma Lou, will at the same time enter John Tarleton. Velma Lou and Buddy are children of Mr. and Mrs. Lewis Boyd.

J. W. Rush has returned from California where he visited relatives for two weeks.

Jack Galloway has been employed at the C. D. Jones Garage.

There seems to be a shortage of farm hands in all parts of the country, and there doesn't seem to be any prospects for the situation to be relieved unless farm products prices are raised to such an extent that producers can pay higher prices for farm labor.

We learn that three have announced for County Clerk at Roby and possibly others will announce later.

The following should have been in the news last week. It seems that Mr. and Mrs. Alf Hemphill had plenty good to eat at their house on Sunday, and they had as their guests, Mr. and Mrs. H. W. Patterson and little daughter of Big Spring; F. M. Curtiss of Big Spring; Mr. and Mrs. P. S. Hemphill, Mr. and Mrs. Burl Curtiss, and Mr. and Mrs. W. B. Mayo of McCaulley.

O-O-O-O

The Japs have had a taste of what they gave us at Pearl Harbor and

we are of the opinion that there will be more and more surprises in store for the little yellow men. Mr. Tojo and his soldiers have been accustomed to fighting China and due to the poorly equipped armies of China the Japs failed to get up against heavy artillery until they ran into Gen. McArthur and it seems as if the little yellow men from the earthquake country can't stay hitched when the big guns are turned on them.

Just wait and see. It won't be many moons before Tokyo will find out what it means to get peppered with bombs and fire from above. Throughout all history there have been wars and plenty of them, and in all the wars, not only did it take men and guns to win, but it takes money, unity and the highest of morale. Americans have it all.

A DARDEN-O-GRAM.

BOYD CHAPEL CHIRPS

By Mrs. James Ferguson

The farmers are quite busy getting their land all ready for another crop. We can hear the roar of tractors in every direction.

The young peoples meeting at Baptist church was well attended Sunday evening. We are very proud of the young boys and girls taking an active part and so much interest.

Floyd Lynch, County Agent, met with the parent-teachers Thursday night to organize a defense program but due to the bad cloud, the crowd had to leave and only a part was done. There will be another meeting to finish the organization.

Rev. J. C. Holden preached at the M. E. church in Hamlin Sunday evening.

Mrs. Earl Brown and Duane are home after spending several days with Mr. and Mrs. King of near Anson, where Duane had been sick several days with measles. He is much improved at this writing.

Florentino Romero spent the week end in the home of Charlie Holden of Clyde.

HITSON NEWS

Well it looks like old man Winter is here for another visit.

Most of the farmers are doing their plowing. It looks like they are getting ready for spring.

There are several school children out of school with the measles and colds.

Miss Willie Vance spent Sunday with Mary Jo Cox.

Those visiting in the home of Mr. and Mrs. W. J. Vance Sunday were Mr. and Mrs. Buck Vance and family of Hamlin; Mr. and Mrs. George Vance and daughter from this community.

Snooks Haught took dinner last Sunday with Jack Phillips.

Mrs. G. B. Phillips went to Plasterco Monday to visit her daughter.

Mr. and Mrs. James Plemons and son of Odessa came down for the week end to visit their parents, Mr. and Mrs. C. D. Williams and Mr. and Mrs. H. H. Plemons.

Jack Phillips went to Abilene Monday on business.

There was a large number of folks attended the program at the school house last Wednesday night.

The Gabbard family was down Radio Station KWFT, Wichita Falls last week.

Mr. and Mrs. H. F. Haught spent Sunday with Mr. and Mrs. O. C. Haught of the Swedonia community.

Mrs. Floyd Haught paid her mother, Mrs. Leonard Altum of Hamlin a visit Saturday.

Donald Townsend of Wichita Falls came down over the week end to visit his parents, Mr. and Mrs. W. R. Townsend.

Tell The Herald your news.

Mrs. Will Reynolds left Tuesday for Fort Worth and Houston for an extended visit with her son and daughter, F. L. Reynolds and Mrs. Clyde La Motte.

Commissioner Of Fisher County Seeks To Be Reelected

Thursday morning E. C. Waldrop, County Commissioner of Fisher Co. visited the Herald and left his announcement for publication for the people of the eastern side of his precinct, No. 2. We learn from Mr. Waldrop that the annual report of his county will be published this week in the papers of Rotan and Roby. He asks his precinct to pay especial attention to this report. It shows some plain, interesting figures, he says.

Mr. Waldrop is serving his first term, and wants the people to know every detail of their county's business.

HIS ANNOUNCEMENT:
To the Voters of Precinct No. 2:
I wish to take this means of thanking the voters for their support to me in the past and to announce my race for re-election as Commissioner of Precinct No. 2.

We have had a very unusual year in regards to roadwork—due of course to the extra heavy rainfall. I have done my best under existing conditions to give you the most possible for every dollar spent.

I have been unable to do all the work I had planned to do, or would have liked to have done, as the Commissioners Court have operated under the cash-as-you-go plan which was started January 1, 1941. I am wholehearted for this plan even though we had to do without some things we need, and pledge myself to continue under the same plan. Precinct 2 has made considerable progress under this plan and has incurred no outstanding debts this year.

Again thanking you for your support in the past and asking your consideration for my re-election for another term, I am,

Sincerely,
E. C. WALDROP,
McCaulley, Texas

ROUND TOP NEWS

The old ground hog saw his shadow today, folks! You know what that means.

Barto Jameson has returned to his home from a hospital in Abilene. He is doing nicely and we wish for him a speedy recovery.

Adlie Junior and Billie Smith of McCaulley were week end visitors in this community.

Mr. and Mrs. S. U. Massey and family attended church services at Mt. Zion Sunday. They visited with friends during the day.

Mrs. Frank Allen and Mrs. J. T. Crawford are on this week's sick list.

Mrs. John Shelley visited relatives in McCaulley Monday.

Everyone enjoyed the program presented at Mt. Zion last Tuesday night by the Missionary from China. He has seen seventeen years of active service in China and gave a very interesting and entertaining discussion of his work displaying many articles from China.

We were happy to see such large attendance at the church services Sunday. There has been a steady increase in attendance the past month. We take this opportunity to invite everyone to attend these services with us.

NEINDA NEWS

Mr. and Mrs. Johnnie Wood and two sons, James and Herman, spent the week end in Neinda.

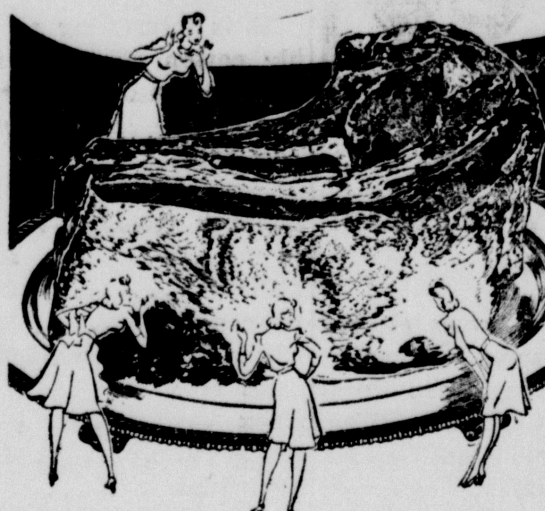

Raymond Gregory spent the week end with his parents, Mr. and Mrs. Tom Gregory. Raymond is working in an airplane factory in Dallas.

SAFEWAY

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
For Coughs, Chest Colds, Bronchitis

RUSTY ON BIOLOGY, TOO

"Now Willie," said the teacher to a rather stupid pupil "listen to me very carefully. If I had five eggs in this basket and laid three eggs on the table, how many eggs would I have?"

"Eight," was the cheerful reply.

How's your date? Does it say 1942?

Notice the date after your name.

cake and coffee were served to all present.

Mr. A. V. Westmoreland spent the week end with his parents, Mr. and Mrs. Pink Westmoreland.

Dolores and Sonny Williams of Graford are spending the week with their grandfather, R. B. Hodges.

The measles have started in the community. Several of the children are out of school.

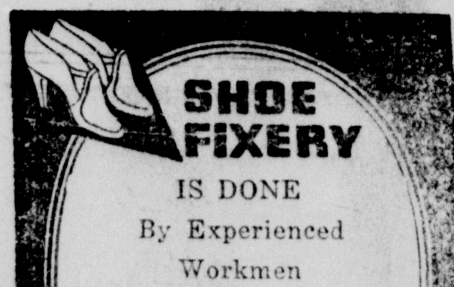

The children in school are buying defense stamps every day.

Warren Nobles who has been spending a short furlough here with his mother, Mrs. Vera Nobles, left Thursday for San Antonio to begin his training as an aviator in Kelly Field. Warren holds a degree from Texas Tech, Lubbock, and since his graduation has been employed in a department store in Brownfield. Several weeks ago he volunteered as a pilot and was sent to Kelly Field for training.

The Herald is worth more than \$1

Mrs. Vera Nobles and son, Warren Nobles were in Lubbock Wednesday to visit her daughter, Miss Marguerite Nobles who is attending Texas Tech.

John F. Green Jr., a student in the University, came up for the week with his parents, Mr. and Mrs. John F. Green. He was accompanied by a Miss Madye Jo Bailey, of Kerville, also a University student. She returned Monday.
